

EUWID | Special: Wood-Based Panels

ADVERTISEMENT INFORMATION 2024

Our English-language special edition, EUWID Special: Wood-Based Panels, will scale up our EUWID Holz special concept, which has been established for over 20 years, to a global audience. Our goal is to deliver an overview of the latest developments in the wood-based panel industry and in machinery and plant construction. The content focuses on changes in supply and demand for wood-based panels and upstream products, movement in prices, trends on markets for furniture, interior remodelling products and flooring, product developments and technical and technological innovations. The publication will also address the latest news that we report on exclusively in many cases in our weekly publications EUWID Holz und Möbel and EUWID Wood Products and Panels.

The target groups for EUWID Special: Wood-Based Panels are the global wood-based panel industry, its suppliers and buyers active on the international stage. Besides European companies, the publication also targets readers in Russia, North and South America, Africa and Asia/Oceania.
